PROJECTS

Migrant Work Opportunity Navigator

This impactful project aims to facilitate individuals in discovering suitable employment opportunities. Harnessing the power of **Express.js** integrated with **MySQL** database functionality, it offers a user-friendly interface for job seekers navigating the challenges of seeking work in new locales.

Private hospital

Automated Workflow Solution for Private Clinics.
Leveraging **Nest.js** and **Postgres** database, this project streamlines clinic operations. **Sequelize** handles data management, while **JWT**, **NodeMailer**, and **Guards** ensure security. Empowering clinics to optimize workflows and enhance patient care.

Fitness-Club

The Fitness Club project is a web application tailored for managing fitness clubs efficiently. Leveraging **Nest.js** and a **PostgreSQL** database, this platform simplifies club operations. **Sequelize** facilitates seamless data management, while **JWT**, **NodeMailer**, and **Guards** fortify security measures. Empowering fitness clubs to streamline workflows and deliver exceptional member experiences.
